SEEDS

FERTILIZERS

AND

Agricultural Implements

THE

EVERETT B. CLARK

Company

Growers and Merchants

MILFORD,

-

CONNECTICUT

THE CONNECTICUT PRINTING COMPANY
MILFORD

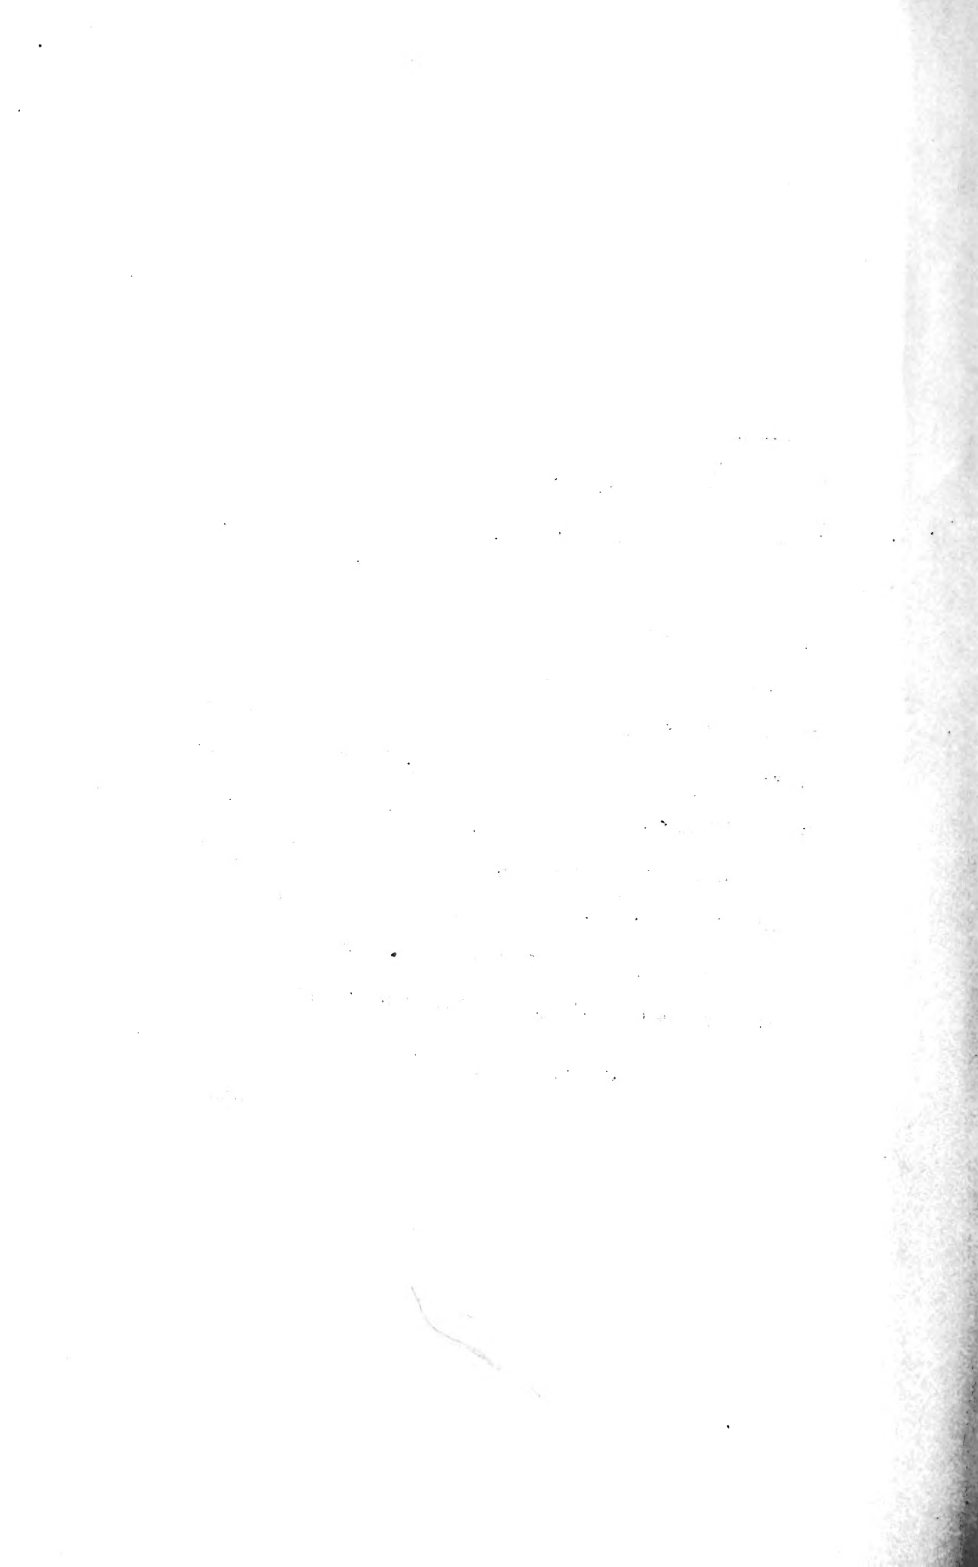

IN issuing this fifth annual Trade Price List we wish to call attention to the fact that we are wholesale growers and merchants in seeds.

As our business increases on seeds and corn, we are forced to look for new growers throughout the State of Connecticut, and have placed ourselves in a position to furnish our growers with whatever they may need on the farm, from seeds and fertilizers to any kind of an Agricultural Implement, taking crops in pay.

We wish to thank our growers for past patronage and solicit a continuance of the same.

THE EVERETT B. CLARK CO.,
Milford, Connecticut.

We are local agents for
Deering Harvester Company
MOWERS, RAKES, AND REAPERS.

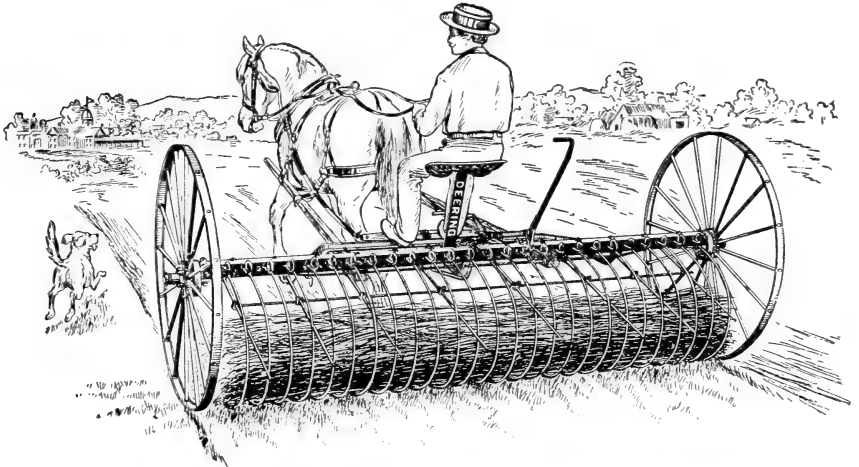

THIS SIX-FOOT IDEAL GIANT MOWER

Is fast coming into use in New England. Price, set up at our place, \$42.00.

FIVE-FOOT GIANT IDEAL MOWER.

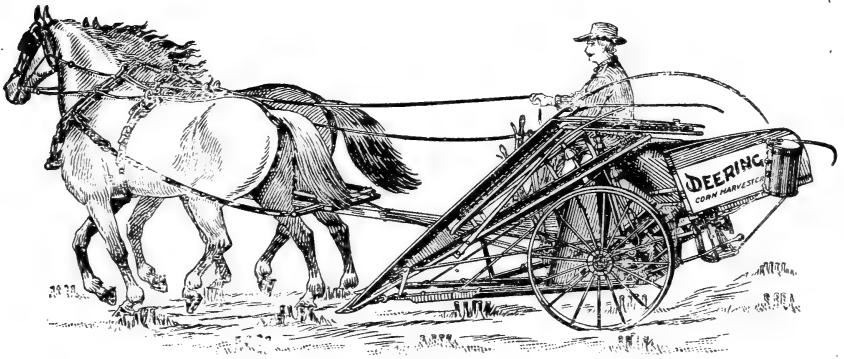

One of the best machines made for rough and salt meadows. We can recommend these mowers as being in every way up-to-date. Price. \$38.00 cash.

THE DEERING RAKE, 9 1-2 FEET, 26 TEETH,

Is the easiest handling rake we have ever used, and for efficient work and durability cannot be beaten.

Price, \$23.00 cash.

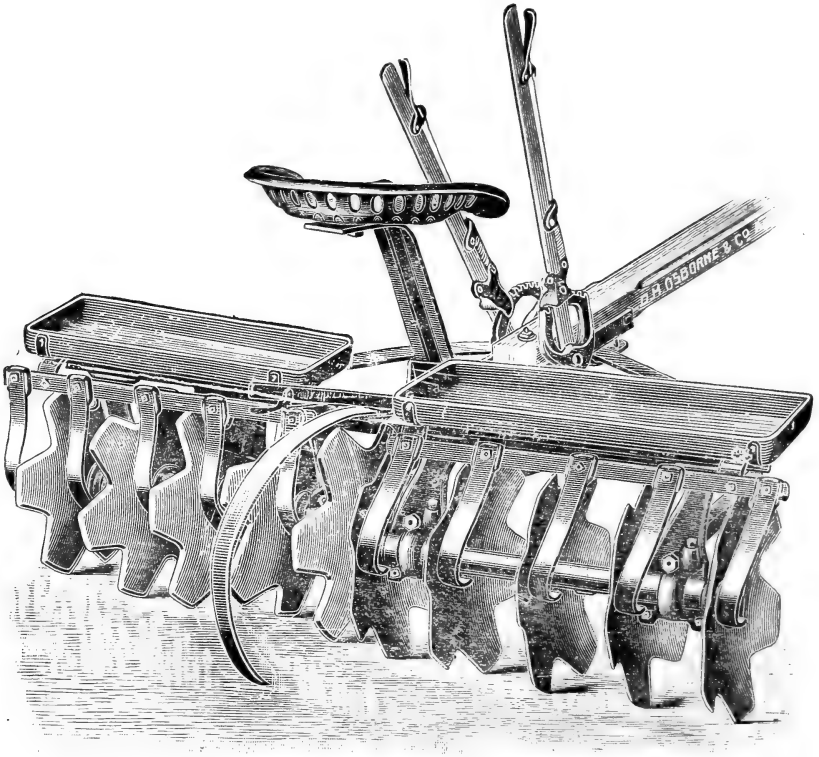

THE DEERING CORN HARVESTER

Is a paying investment for harvesting corn fodder for the silo.

We will make low prices and easy terms, if interested.

We are local agents for

D. M. Osborne & Company,
MOWERS, RAKES, REAPERS, HARROWS,
TEDDERS AND CULTIVATORS.

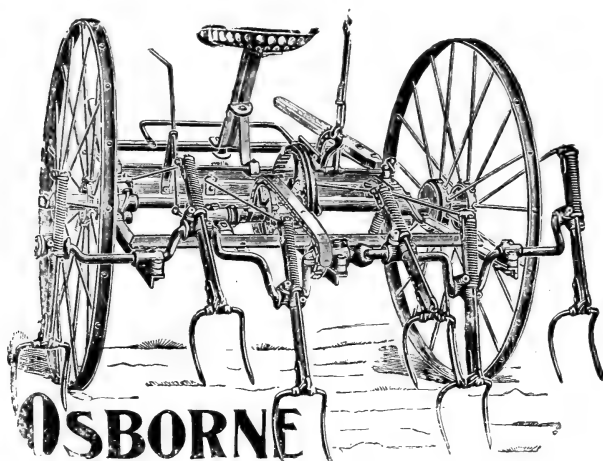

OSBORNE CUTAWAY OR ROUND DISC HARROWS

Are great turf cutters, and every farmer should own one.

Complete, with weight boxes, disc cleaners, and rear spring tooth,

\$21.00 cash.

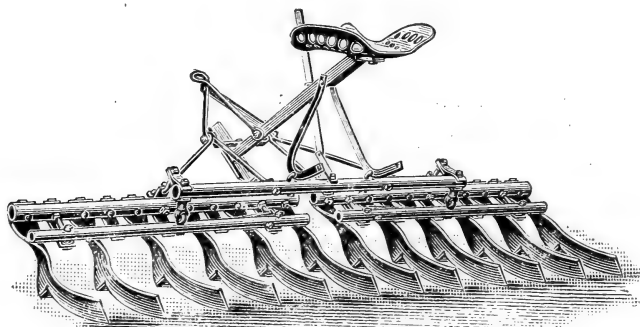

THE OSBORNE TEDDER

Is, we believe, the only practically good-working tedder made, being light draft and durable.

Price, six fork, \$32.00 cash.

The Osborne people also make some good spring-tooth harrows. Get one of their catalogs from us.

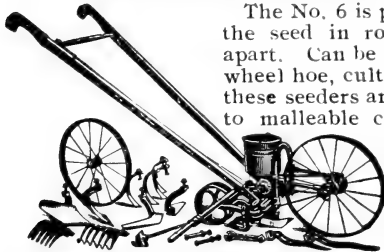

THE ACME PULVERIZING HARROW

Does excellent work on both sod and mellow soil

Price, \$16.00 cash.

"IRON AGE" Farm and Garden Implements.

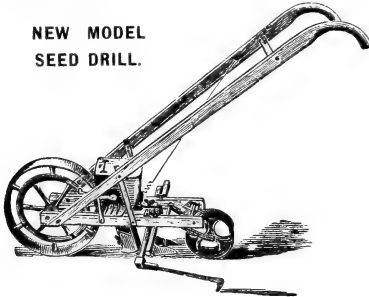

No. 6 Iron Age Combined Double and Single Wheel Hoe, Hill and Drill Seeder.

The No. 6 is practically ten tools in one. It places the seed in rows, or in hills 4, 6, 8, 12, or 24 inches apart. Can be quickly changed to a single or double wheel hoe, cultivator, rake, or plow. The frames of these seeders and wheel hoes are made of pipe coupled to malleable castings. The wheel is made of steel 16 inches high, thus rendering them light, strong, and easily operated. For this tool as a wheel hoe see No. 1 below. Prices: complete, \$11.00; as a Hill and 1 rill Seeder only (No. 7) \$8.00. Complete Iron Age Catalog sent free on request.

No. 1 Iron Age Double and Single Wheel Hoe.

NEW MODEL SEED DRILL.

As a double wheel hoe the No. 1 may be used astride the rows, or as a single wheel between the rows. It may be quickly changed to a cultivator, plow, or rake, a drill seeder, or a hill and drill seeder attachment may be added at any time. Price, No. 1, complete, \$6.50; with side hoes only, "Iron Age" No. 3, price, \$3.75.

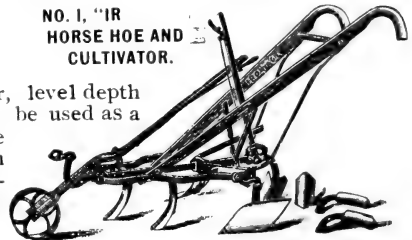

Our No. 1 has a lever expander, level depth regulator with wheel, and may be used as a horse hoe cultivator. May also be furnished as a plain cultivator with plain clamp or with any of the additional parts shown.

Price, complete, \$7.25.

THE NEW MODEL,

Although new in name, has been sold for years and always gives satisfaction. It sows any kind of seed with regularity, and is one of the steady reliables. Price, \$7.50

NO. 1, "IR HORSE HOE AND CULTIVATOR.

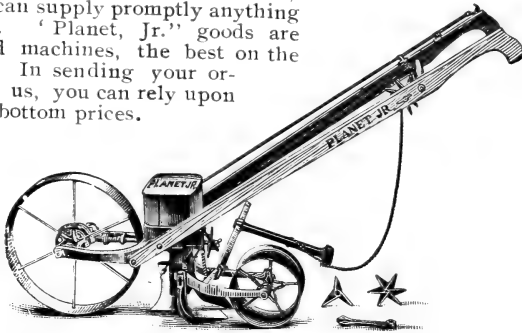

This seven-tooth cultivator is a vast improvement on the five-tooth for use when the cultivator is expanded, as it thoroughly pulverizes the ground.

Price, as in cut, \$5.00.

"Planet Jr." Farm and Garden Tools

Space will not permit our showing and describing all of the "Planet Jr." Tools, but we will send a fully illustrated catalog *free for the asking* to any who desire it, and we can supply promptly anything ordered. "Planet, Jr." goods are standard machines, the best on the market. In sending your orders to us, you can rely upon getting bottom prices.

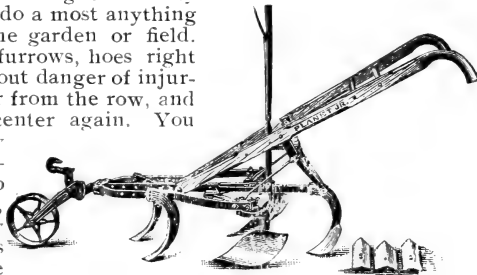

"PLANET, JR." No. 3 HILL AND DRILL SEEDER.

This seeder is the latest and most perfect development of the hand seed drill. It sows evenly in drills, and also drops in hills at 4, 6, 8, 12, or 24 inches apart. It is thrown out of gear instantly by moving a convenient lever, or the flow of seed is stopped by pushing down the feed rod. No time is lost; no seed is wasted. It is quickly set to sow different kinds of seeds in the exact thickness required.

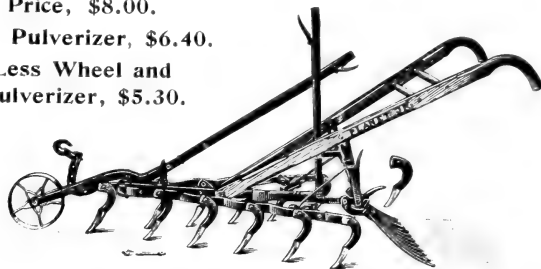

The accurate hill-dropping drill, which gives a regular stand of plants with the least seed, saves its cost over and over again in seed alone. We guarantee this drill to be accurate and give satisfaction in every respect. Price, \$10.00.

"PLANET, JR." NO. 9 HORSE HOE AND CULTIVATOR.

Probably no other cultivating machine is so widely known as the "Planet, Jr." Combined Horse Hoe and Cultivator, for it is in use throughout the civilized world. It is so strongly built as to withstand incredible strain, yet it is light and easy to handle. You can do a most anything you want with it in the garden or field. It opens and closes furrows, hoes right up to the plants without danger of injuring, throws dirt to or from the row, and throws back from center again. You can set the hoes at any angle, or reverse altogether, cultivate to any depth desired, and adjust for any width. Every part is perfected to make the tool acceptable to the intelligent farmer who knows that the best is always the cheapest. Price, \$7.25.

Price, \$8.00.
 Less Pulverizer, \$6.40.
 Less Wheel and
 Pulverizer, \$5.30.

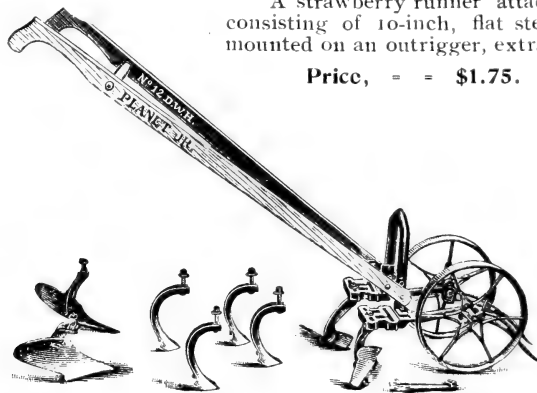

PLANET JR. TWELVE-TOOTH HARROW, CULTIVATOR, AND PULVERIZER.

Gardeners cultivate better than formerly. It has been found to pay best. The farmer or gardener is most likely to cultivate best who has the tool best adapted to his purposes. With the Twelve-Tooth Harrow here shown you go as deep or as shallow as you like, come up close to row without injuring plants, cut out all the weeds, stir the soil and mellow and fine it as with a garden rake. You widen and narrow as you please between 12 and 32 inches. It is a special favorite with strawberry growers, market gardeners, and truckers.

A strawberry runner attachment, consisting of 10-inch, flat steel disc mounted on an outrigger, extra.

Price, - - \$1.75.

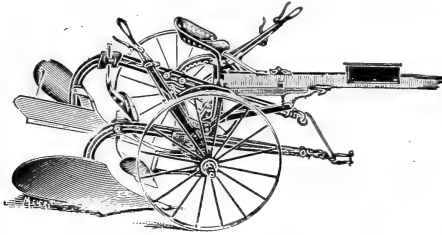

PLANET JR. No. 12 DOUBLE WHEEL HOE, CULTIVATOR, AND PLOW. PRICE, \$6.50.

Two acres a day can easily be worked with this implement, and when it is done it will be a better job than three men could have done in the same time with hand hoes. The No. 12 runs either astride or between the rows, kills all the weeds, and leaves the earth in fine shape. Then, too, it's easy to work. Twelve-year-old girls work gardens with ease and success.

The No. 12 has a pair of 6-inch hoes, a pair of plows for opening or covering, and a set of four all-steel cultivator teeth. The tools shown are what gardeners use most, and others can be added as wanted.

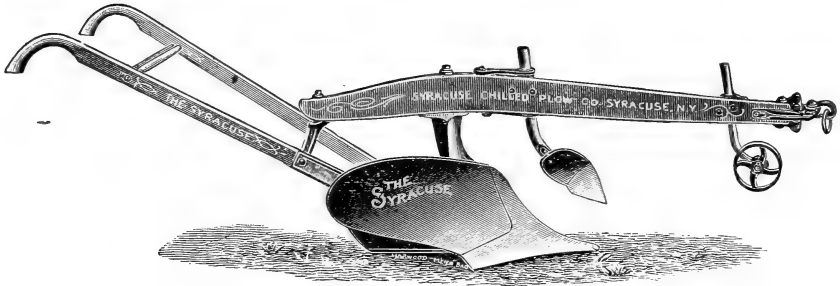

We are local agents for

Syracuse Chilled Plow Company, SYRACUSE, N. Y.

We have used this sulky plow on our own farm for fifteen years, and can recommend it as being the best reversible sulky on the market. For durability and quality of work it is unparalleled.

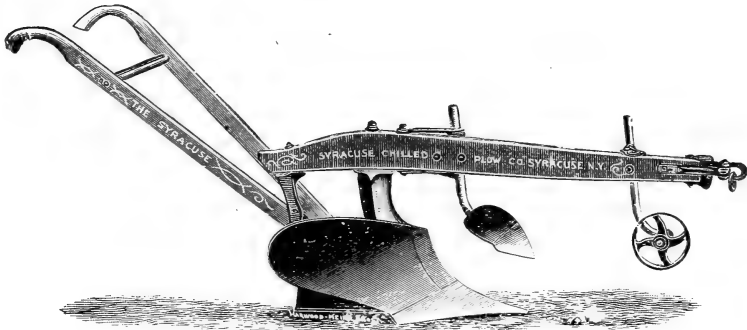

Price, \$45.00 cash.

No. 603.

Price, Full Trim, \$13.00

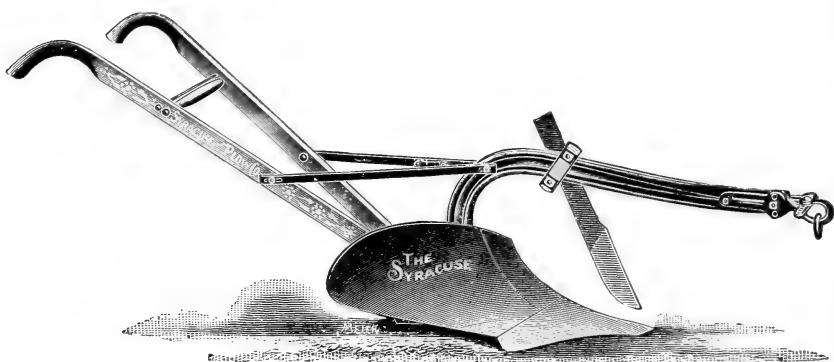

Plain, \$9.00

No. 53. TWO HORSE.

Complete Trim, Price, \$11.00.

Plain, \$8.00

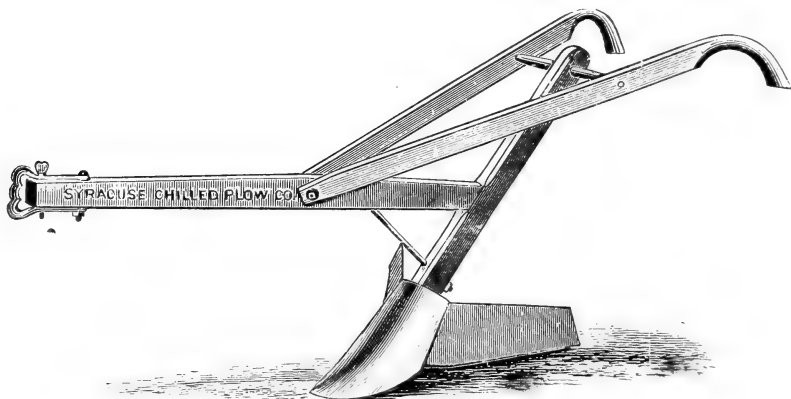

NO. 452; Weight, 110 POUNDS.

Full Trim, Price, \$14.00

Plain, \$11.00

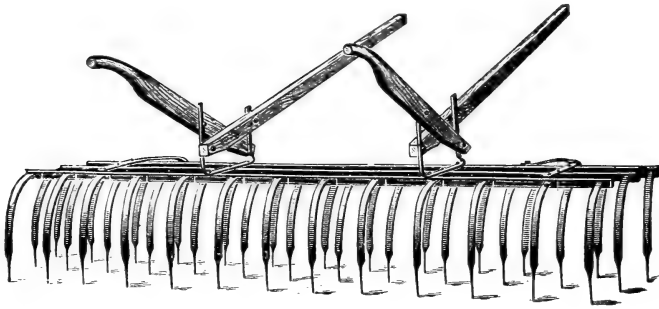

We, of course, can supply on notice of a day or two, any of the Syracuse goods.

Shovel Plows, Wood Beam, Wheel, - \$3.25

Shovel Plows, Iron Beam, Wheel; - \$3.50

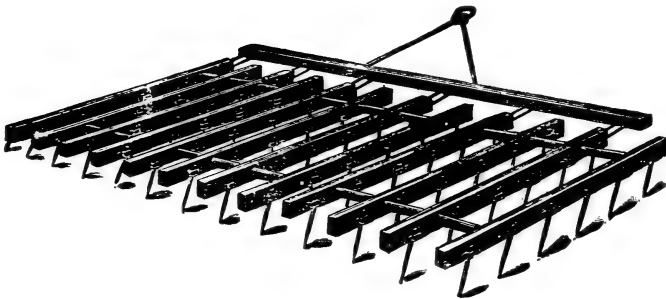

Syracuse Cultivators, Harrows, etc., are popular tools.

HALLOCK WEEDER, 7 1-2 FEET.

Is a labor saver, and during dry season is a valuable surface cultivator.

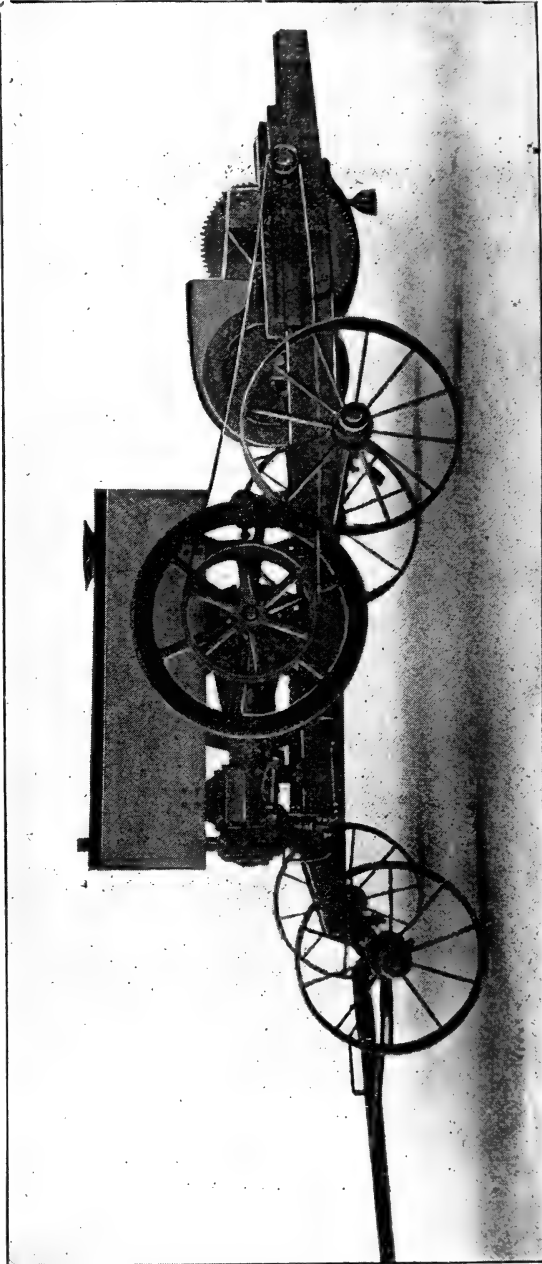

Price, \$8.50.

CLIPPER SMOOTHING HARROW.

For quick work on mellow soil, three sections covering 12 feet of space.

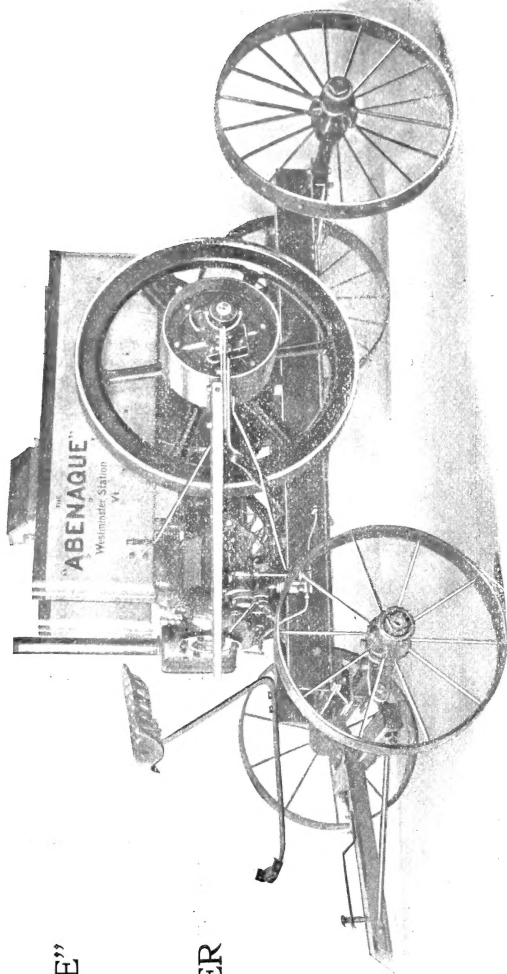

Price, \$13.00.

“ABENAQUE” Circular Saw Outfit.

**PORTABLE
"ABENAQUE"
ENGINE OF
EIGHT
HORSE POWER**

We
put
these
Engines
out on
Thirty
Days'
Trial.
Write
to us for
Catalogs, etc.

Look at these engines. The accompanying cuts represent two styles of the various rigs made by the "Abenaque" Machine Works, Westminster Station, Vermont.

We can recommend these engines very highly, and consider them the best and most reliable gasoline engine on the market. Their superior points are cooling device, requiring but four pails of water, mechanically operated valves, igniter device, adjustable governor, and long "Z" beams for wearing surface, thus relieving vibration.

FERTILIZERS.

We are manufacturing a brand of fertilizer at Communipaw, New Jersey, under the brand, "**CLARK'S SPECIAL MIXTURE,**" and we would call your special attention to the same. Our analysis is 3—9—8.

We have used this brand now for some five years on our own farms with the best of success. We know that the ingredients used in the assimilation of these goods are of the highest grade; having bought them ourselves. Hence we can vouch for the purchaser getting practically one hundred cents' worth of materials in one dollar's worth of mixed goods. You can verify this by having a sample analyzed at the experiment station.

PRICE, \$30.00 Per Ton.

We handle and use on our own farm large quantities of fertilizer. We have used the products of the Bowker Fertilizer Company for a term of twenty-five years; and consider them the best mixed goods we have ever tried. The most popular brands are the Stockbridge Potato and Vegetable Manure and Stockbridge Corn Manure.

We quote below from letters received from a few of our customers:

MILFORD, CONN.

"THE EVERETT B. CLARK COMPANY, Milford, Conn.,

GENTLEMEN:—I planted four acres of potatoes on corn ground that was manured for the corn, but no manure for the potatoes. I applied 600 pounds Stockbridge Potato Manure to the acre, and my crop was 700 bushels merchantable potatoes, after the rot, and believe this quantity to constitute but one-third of the whole crop. I give credit for this to the Stockbridge Potato Manure.

Yours truly,

ORLANDO H. STICKLE.

MILFORD, CONN.

"THE BOWKER FERTILIZER COMPANY,

GENTLEMEN:—We have used your Stockbridge Fertilizer, bought of your agent, the E. B. Clark Company, for the past seventeen years; and find it a well-balanced fertilizer. Have used it on sweet corn, potatoes, onions, and different varieties of seeds. We find it works well both by hand and machine. Shall continue its use as long as it continues as satisfactory as it has in the past.

Yours truly,

C. W. STOWE & SON.

WOODMONT, CONN.

"THE E. B. CLARK COMPANY,

GENTLEMEN:—I have used the Stockbridge Special Fertilizers for many years and always with satisfactory results. I consider them equal if not superior to any on the market.

Yours very truly,

N. E. SMITH.

EXTRA PARTS.

We carry *extra parts* to all of the foregoing implements at our place, and orders by mail or telephone will receive prompt attention. If in want of farming implements, kindly give us an opportunity to quote price.

We either have what you want along this line, can get it for you, or it is not made.

Hudson Fertilizer Cart, Price, \$30.00

**We have three makes of CORN PLANTERS,
selling for \$2.25, \$1.40, and \$1.75**

Premier Broadcast Seed Sower, \$1.50

Harvester Oil, at 10 cents per quart.

Paris Green at 18 cents per pound.

The Everett B. Clark Company gives no warranty, express or implied, as to description, quality, or productiveness, or any other matter, of any seeds they send out, and will not be in any way responsible for the crop. If purchaser does not accept the goods on these terms, they are to be returned at once.

We issue this list of prices subject to being unsold on receipt of order. Owing to an unfavorable season many varieties are in very short supply, and the stock is liable to be exhausted before planting season. We request *Early Orders*, and *Correspondence for Special Quotations* on small quantities. State varieties you need and approximate quantities. Return mail will bring you our very *Lowest Prices*.

THE EVERETT B. CLARK CO.

Milford, Conn.,
